## PURCHASE OF CARLYLE HOUSE

### Company Acquires Historic Building and Part of Braddock House.

### TO BECOME A MUSEUM.

**Old Mansion House to be Remodeled Into a Modern Hotel by the Wagar Land Company.**

One of the most important real estate transactions that has taken place in Alexandria in years was consummated today when the Carlyle House, one of the most historic buildings in the United States, was sold by the Wagar Land Company, of Washington, to Robert S. Barrett, editor of the Alexandria Gazette, who has organized a corporation to take over the property. The sale was made through the real estate firm of Monroe and Marbury, and the purchase price was $15,000.

The property purchased by Mr. Barrett not only included the Carlyle House, but a large portion of the Braddock House that surrounds it, the transaction covering 92 feet on Fairfax street and running back 310 feet to Lee street where there is also a frontage of 92 feet.

The Wagar Land Company will retain the portion of the property at the southeast corner of Fairfax and Cameron street, formerly the Mansion House, which they will remodel into a modern hotel of fifty rooms. H. R. Wagar, vice president of the company, stated today that plans had already been prepared for the building and that work will be commenced within the next sixty days. The cost of remodeling will be about $25,000.

It is the intention of Mr. Barrett and his associates to restore the Carlyle House and grounds and to use the building as a historical museum, appealing principally to the several hundred thousand tourists who pass through Alexandria annually on their way to Mount Vernon. All of the historical events that took place in the building will be reproduced in wax works, similar to the exhibits seen at the Eden Museum in New York and Madame Tussands in London. Some of the scenes to be reproduced are the conference of the five Colonial governors, Dinwiddie, Benjamin Franklin, Sharpe, Delaney and Morris, in 1755 when General Braddock and George Washington appeared before them and discussed the scheme for colonial taxation which brought on the Revolution some years later; George Washington receiving his commission in the Colonial army; Washington's first sweetheart, to whom he proposed in the Carlyle House; the reception to the Marquis de Lafayette; and representation of famous Americans who visited the house in Colonial times. In the basement historic scenes that took places in other locations in Alexandria will be reproduced, such as the killing of Ellsworth by Jackson at the commencement of the civil war, which occurred at the Marshall House; General Robert E. Lee, deciding to resign his commission in the United States army and other interesting events connected with the history of the city. In the dungeons under the old fort upon which the building stands, will be installed a "chamber of horrors."

The old Braddock House is to be demolished and the Carlyle House left standing alone in the grounds as originally planned. It was erected in 1745 by John Carlyle who came from England to America as Collector of Customs under the Crown.

### CHARGED WITH LARCENY.

George Jackson and Henry Wood, both colored, were arrested yesterday by Deputy U. S. Marshal Schoen and taken before U. S. Commissioner Northrup, at Rosslyn, Alexandria county, to answer the charge of stealing coal from a government reservation. They gave bond for their appearance before the United States District Court in this city in July.

### REV. PRICE ADMONISHED.

**Not Guilty of Acts Sufficient to Change Pastorate.**

New York, April 8.—"Guilty of imprudent and unministerial conduct" was the verdict of the court of the New York Conference of the Methodist Episcapal Church yesterday against the Rev. Dr. Jacob E. Price, pastor of the Washington Heights' Church, defendant, on charges made by women members of his congregation.

Two other specifications, one accusing Dr. Price of "immorality in conduct in violation of the moral law" and the other of "indulgence of sinful tempers and words," were not sustained.

It was the judgment of the select committee, which reported to the conference that Dr. Price 'should be, and hereby is admonished as a result of his conviction on the first specification."

Bishop Luther B. Wilson, presiding at the conference, directed the conference to receive the findings of the committee without any expression of approval or disapproval. The committee's report accordingly was received in silence.

The court did not find Dr. Price guilty of acts sufficiently flagrant to demand a change of pastorate, for in the list of changes for the ensuing year, as read by Bishop Wilson, Dr. Price retains his Wshington Heights' pulpit.

Mrs. Claude B. Dore, wife of the attorney who prepared the charges of unministerial conduct against the pastor, was recalled to the stand yesterday, and said she was quite sure Dr. Price had kissed her twice.

Mrs. Hilma Dohl, another of the pastors' accusers, who said she received a number of letters containing threats, rushed from the trial room and said:

"I hav set out to fight the devil and his hosts, and although he has more devices than I have ever dreamed of, I intend to show that alienist in there how much he knows before I get through with him."

The Rev. Dr. Frank Belcher, pastor of the Five Points Mission, in summing up for Dr. Price, said the accusations were mere "hallucinations."

### HOBSON'S CRUSHING DEFEAT.

**Underwood's Friends Claim Forty Thousand Majority.**

Birmingham, Ala., April 8.—Oscar W. Underwood, for nearly twenty years representative of the Ninth Alabama district in the lower house of Congress, swept the State in his battle with Representative Richmond Pearson Hobson for nomination to the United States Senate, according to last night's returne from Tuesday's Democratic primaries. Mr. Hobson conceded the victory to his rival candidate before noon yesterday. Underwood is believed to have 40,000 majority.

Mr. Underwood's nomination terminated one of the most spectacular contests in the history of the State. With the exception of a whirlwind speaking tour during the Christmas holidays, the successful candidate's campaign was conducted by his friends.

Mr. Hobson entered the senatorial race nearly two years ago and visited nearly every county and town in the state.

### WIFE-SHOOTER A SUICIDE.

**Fails to Kill Her, But Ends His Own Life on the Spot.**

Williamsport, Pa., April 8.—Jacob Wakenhut, 39 years old, shot and seriously wounded his wife, Pearl, 17, and fatally wounded himself in a shooting affray at Emporium yesterday. Wakenhut died in a Ridgway Hospital, and his wife, who has a bullet wound in the neck, has a fair chance for recovery.

The woman left Wakenhut in this city last December, because of alleged abuses, and went to Emporium to work in a hotel, making her home with her grandmother. Wakenhut, who was a tinsmith, continued to live here until Saturday, when he left for Emporium.

Drinking heavily, he went to his wife's grandmother's home, met the young womn and in a quarrel over their relations pulled a revolver, firing two shots at her, both of which took effect and then shot himself in the head twice.

## NEW ANTI-TRUST LEGISLATION

### Congressman Carlin to Take Active Part in The Movement.

### PRESIDENT'S POLICY.

**Representative From This District Regarded as Most Important Factor With This Legislation.**

Washington, D. C., April 8.—Within the next week one of the biggest men in the public eye will be Representative Charles C. Carlin, of the 8th Virginia District. Mr. Carlin, it has already been decided by the House Committee on the Judiciary, will be one of the chief lieutenants in carrying to a successful issue the President's new anti-trust legislation, and within a week this measure will be ready for the consideration of the House.

Mr. Carlin, with Chairman Clayton of the Committee and Representative Floyd, has been in practically daily conference with President Wilson and the Attorney General concerning the details of these new laws, which the President terms his "Constitution of Peace." In brief, the object which Mr. Carlin and his associates have sought to attain in writing the bill is not to cripple unduly the big corporations and yet to give the little corporations and the small business undertakings every possible opportunity for growth and expansion.

Owing to Mr. Carlin's commanding ability as a lawyer and his capacity for a tremendous amount of work, the Virginian has come to be regarded as the most important factor in the House in connection with this legislation. Owing to the heavy pressure of the affairs of his district and the proximity of his people to the National Capital he is at all times an extremely busy man. And, in order to carry the burden of his routine work and at the same time to act as the legislative mouthpiece of the President he has had to labor night and day and turn out a volume of work which would have exhausted the average man.

The hearngs on the trust program, all of which Mr. Carlin has attended, have extended over a period of three months. In addition to the hearings, there have been numerous conferences among the members of the committee and the subcommittee of three, of which Carlin is a member. This work, added to the immense amount of study and the many conferences at the White House and the Department of Justice, has put to his credit a record for industry unsurpassed in the House.

The President considers his trust program the most important thing in his administration. It touches every phase of the nation's life, goes into the humblest homes and affects the interests of the wealthiest class.

Its long arm will be felt by those who clip coupons and those who seek a decrease in the cost of living. It is because of the great scope of this legislation that Mr. Carlin's friends point to him as occupying today a place of tremendous national importance.

The Judiciary Committee has been one in which the President has taken special interest.

When the legislation comes up in the House, Mr. Carlin will make the big speech explaining the fine points of law involved and urging his fellow Democrats to present an undivided front in this determined effort of the administration to write upon the statute books those laws which will place the business of the country upon an absolutely fair, just and serviceable basis.

This was indicated to Alexandria officials from F. G. Stratton, of Petersburg, a member of the board of directors of the Virginia penitentiary. One of the quartet was electrocuted and the sentence of the others were commuted to life imprisonment. It is understood Gov. Stuart has promised to review Dorsey's case, but Commonwealth Attorney S. G. Brent, of this city, who conducted the prosecution, has notified Mr. Stratton that he would not join in a request for executive clemency.

### GOING TO HOT SPRINGS.

She practically has recovered now, but the President thought that a brief change would do her good, and he will leave Washington tomorrow night for the Virginia resort. The President will remain there until Monday night, and Mrs. Wilson may stay a little longer.

## DETECTIVES RAID JAMESTOWN TRACK

### Arrest Twenty-Seven Bookmakers But Seven Make Their Escape.

### MAY CALL OUT TROOPS.

**Special Squad Under Baldwin Sent to Norfolk County— Governor Demands That Laws be Obeyed.**

Richmond, Va., April 8—Acting under the direct orders of Governor Stuart, twenty special policemen in charge of Detective W. G. Baldwin, yesterday raided the betting ring at the Jamestown Jockey Club track, near Norfolk, arrested thirteen bookmakers, and captured more than $5,000 in cash.

When Governor Stuart was notified last night over the long distance telphone by Attorney-General John Garland Pollard, in Norfolk of the day's developments, he gave orders to have the squad at the track again today to arrest other bookmakers if a further effort is made to violate the law. Troops will be called out if any attempt is made today to interfere with the civil authorities.

The raid on the betting ring, in which twelve books were in operation, was well planned, but the tumult that broke when the gamblers were seized bordered almost on the verge of a riot. County officers, who claimed that the arrests were illegally made, tried desperately to rescue the prisoners. They did set seven of them free.

Baldwin's twenty officers captured twenty bookmakers, but in the fight that followed only thirteen were held. When placed in automobiles to be conveyed to the Norfolk jail, a crowd of 300 sympathizers surrounded the cars in the effort to take them from the law. Other attempts were made to damage the machinery so that the cars woud be unable to move under their own power.

In the gneral fight, James V. Trehy, clerk of the Norfolk County Circuit Court, was struck over the head, knocked down and slightly injured by W. G. Baldwin. Several others were injured. The prisoners were locked up last night in default of bail in the sum of $2,000 each.

The preliminary hearing was set for this afternoon at 4 o'clock, but it may be delayed.

It was learned on high authority last night that a conference had been held with the military authorities, with a view of calling out troops today if any attempt was made to interfere with the civil authorities, who have orders to arrest other persons engaged in bookmaking at the track.

In speaking af the action at Jamestown, Governor Stuart said last night that the results of the arrests as made, considering the large amount of money found in the possession of the bookmakers and the unmistakable evidence of the guilt, not to mention the alleged sympathy shown by some of the regular officers to the gamblers, would indicate that the steps taken to handle the situation were none too drastic or vigorous.

The Governor further stated that it was his purpose to uphold and enforce the law against these offenders, who had been deliberately flagrantly and defiantly violating the law for years. More especially was he determined upon that course, he said, because of the fact that these bookmakers, who have been driven from other states were disposed to convert Norfolk county into a practical Monte Carlo.

Both the father and son believed the woman to be asleep and neither wished to disturb her. After the meal Patterson thought there was something strange about his wife's appearance. When he saw that she apparently was not breathing he became alarmed and summoned the patrol wagon of the Sixteenth District. At the Presbyterian Hospital physicians said the woman had been dead for more than an hour.

An incision was quickly made below the constriction, and a pulmoter was rushed to the hospital in a taxicab from the U. G. I. offices. Dr. Juliano used the pulmotor by applying it to the incision in the throat, but the girl died within a half hour.

## GOVERNOR NAMES PANAMA BOARD

### Messrs. Holt, Baker and Lewis to Supervise Virginia Exhibit.

### TO SHOW MT. VERNON.

**Commissioners Will Have $50,000 at Their Disposal to be Expended at San Francisco Exposition.**

Richmond, Va., April 8—Governor Stuart announced yesterday the appointment of the Virginia Commission for the Panama-Pacific Exposition, at San Francisco, as follows:

State Senator Saxon W. Holt, of Newport News.

Delegate W. W. Baker, of Chesterfield.

Delegate John T. Lewis, of Mecklenburg.

The commission is called to meet at the Capitol tomorrow at noon for the purpose of organization.

Governor Stuart will turn over to the commission for disposition letters recently received from the exposition authorities asking that Virginia take prompt steps to select the site of the building for this state, and also that it select the day desired to be especially celebrated as Virginia Day. The letter adds that some of the most desirable days for special ceremonies are being rapidly chosen.

Under the terms of the Panama Exposition act, the commission is authorized to employ such assistance as may be necessary to carry the act into effect. Already there have been a number of applications for the position of secretary to the commission, as it is believed that it will be necessary to send to San Francisco at once a suitable man to select a site and arrange for the erection of the Virginia building, and to supervise its construction and furnishing, as well as to be the representative of Virginia on the grounds throughout the exposition.

It is understood that it is contemplated to reproduce on the grounds of the exposition the plan of Mount Vernon, the home of George Washington.

The building must be "commensurate with the importance and dignity of the State of Virginia," sufficient properly to receive and entertain the officials and guests of the State of Virginia at the exposition, and sufficient for the proper exhibition of historical and other exhibits.

**Steals $500 Diamond From Detective, Special Foe of His Kind.**

Chicago, April 8.—Detective Sergeant Michael Connors is a member of the pickpocket squad. What he does not know about street car thieves isn't worth knowing. Being wise to their crafty ways, he recently felt safe in investing in a diamond shirt stud which glistened like every bit of the $500 the dealer said it was worth.

Then the unexpected happened. Monday night, on a Harrison street car, Connors scrutinized the passengers for possible "dip" workers. With him was Detective Sergeant Jerry Haran. "Where's your diamond, Mike?" said Haran suddenly. Connors' hand went to his shirt front. Alas, his chest was desolate of dazzle. The diamond was gone. Captain Meagher today said he is convinced that some rude pickpocket lifed it without using ice tongs.

# BOTTLES AND LAMP USED

**Colored Woman Assaulted Last Night and Seriously Injured—Assailant Fined**

Elmer Turner and Laura Tucker, both colored, had a disagreement last night which resulted in a fight, in which the woman came out second-best. Turner was later arrested and brought before the Police Court this morning. His victim appeared to give testimony against her ungallant acquaintance. She wore a hoodwink over her left eye and bore other evidences of having been brutally treated.

According to her story, the trouble originated over several bottles of lager beer with which they were regaling themselves. The woman alleged that Turner choked her and struck her on the head with the bottles. She acknowledged that she seized a lamp, the only missile in reach, and hurled it at her assailant.

Turner was fined $20. Not having that amount with him, he was locked up.

## RETURNED TO WORKHOUSE.

**Old Offender Had Finished Term of Confinement Yesterday.**

Mat. Williams, who was sentenced to serve a term in the workhouse some time ago, was released from that institution yesterday, his time having expired. Mat. concluded to celebrate his liberation in due form, and soon drank himself drunk. Officer Miller took him in charge and he was placed in the dock of the Police Court this morning. Justice Caton ordered him to be returned to the place from whence he came, when Williams asked if he was to serve indefinitely. No answer was returned, and he was later in the day sent to the corporation farm.

## SUICIDE AT ARLINGTON.

**Baltimorean Ends Life in Cemetery Last Night**

Creeping into the Arlington National cemetery after the gates had been closed for the day, and eluding the sentinels stationed about the grounds, a man believed to be W. H. Boggs, of Baltimore, ended his life last night by firing a .22 calibre bullet into his brain.

Mystery as to the cause of the act, as to when the man crawled over the fence which surrounds the grounds, and as to why the National Cemetery was selected for the deed exists.

The body was found by the superintendent of the cemetry on making his rounds this morning. The revolver was still in the man's hand.

There was no note left by the man, and nothing to indicate that the suicide had been planned.

The body was turned over to the coroner of Alexandria county, who will make an investigation today.

## REV. LUTTRELL TO REMAIN.

**Pastor of Trinity Church Returned For Another Year.**

Rev. G. A Luttrell, pastor of Trinity Methodist Episcopal church, has been returned by his conference for another year in this city. Mr. Luttrell has already served three years in Alexandria and is now entering upon his fourth year. During his pastorate here his work has bene most acceptable to the congregation over which he presides and they made a strong fight for his retention. Although he had several offers to go elsewhere, he decided to acceed to the request of the people of Alexandria. The conference was held in Cumberland, Md., from which city Mr. Luttrell returned today.

# NEWS OF THE OLD DOMINION

### LOOKING FOR FORCE.

**Reopening of Locomotive Works Calls For Many Men.**

Richmond, Va, April 8.—Officials of the Richmond branch of the American Locomotive Works expressed themselves yesterday to the effect that the works would be in full blast within a few weeks. The company is now looking for men to take the places of those who were compelled to leave some months ago, when the works practically closed down.

Most of the men have secured places elsewher, and it is said that the locomotive works is very much in need of men for almost every department in the plant.

Besides the engines for the Southern and the Chesapeake and Ohio, already ordered, the company (Richmond branch) expects to get a large order from the Norfolk and Western. This latter company will build thirty-seven freight engines at once, and will in a day or two give the order. The local people, as well as the Norfolk and Western Company, hope the order will fall to Richmond.

### GIVE EACH STATE PLACE.

**Richmond Bankers Will Have No Candidate For Federal Reserve Honors.**

Richmond, Va., April 8.—In order that the Federal Reserve Bank for district No. 5, to be located at Richmond, may be truly representative of the entire district, composed of five states and the District of Columbia, Richmond banks will not nominate any man for a position on the board of directors.

After a conference yesterday of representatives of Richmond banks which will subscribe to stock in the federal reserve bank, E. L. Bemiss announced that the location of a bank here was regarded as a trust for the development of the whole district, and a bigger and more important matter than the mere securing of a position for any man or the advancement of any one bank. As there will be six elective members of the board of the reserve bank to be located here, the hope is expressed that each constituent part—that is, each state and the District of Columbia—may have representation. With this in mind the Richmond bankers did not feel that they could at any time put forward the name of any Richmonder as a member.

The board of drectors of the Federal resrve bank will be composed of nine members; three to be chosen on nomination of the member banks as the direct representatives of the banks subscribing to stock in the new reserve system; three to be nominated by the member banks from those actively engaged in commerc, agriculture or industrial pursuits within this reserve district, and three to be appointed by the Federal Reserve Board in Washington.

### FILING TOO EARLY.

**Pension Papjers Should Reach Auditor's Office Betwen May 15th and August 1st.**

Richmond, Va., April 8.—The department of pensions in the office of the auditor of public accounts is being almost swamped with application and renewal papers, now being received from pensioners in all parts of the State, because of a misunderstanding of the regulations. Because it is too early for such papers to be recived the office is returning them to the pensioners and considerable confusion is resulting.

The pensioners are not to receive their money until September, and, it was stated yesterday, they should not file their annual certificates with the auditor of public accounts earlier than May 15th. From that time on they may be filed up till August 1st.

The instructions on the back of the certificates, it is declared, are plainly printed. At the office of the auditor yesterday request was made that all newspaper in the state inform pensioners that the time for filing their papers is between May 15th and August 1st.

**Charge Against Preacher.**

Bristol, Va., April 8.—Rev. C. A. Barker, forty years old and a minister of the Holston conference of the Methodist Episcopal Church, is in jail in Bristol charged with attempted criminal assault upon his neice, Miss N. K. Lewis. The warrant was sworn out by W. K. Moody, proprietor of a local hotel, where the couple was stopping. Barker, who is well dressed and a man of family, says that he brought his neice here to start her on her return to her home in Colorado and that the charge is groundless. He is said to be well to do. His home is at Benhams, Va.

### DISCUSS FRATERNITIES.

**Rev. L. A. Smith Tells Why he Thinks Clergymen Should Join Secret Orders.**

Norfolk, Va. April 8.—A meeting of the Tidewater Ministerial Association was held Monday morning at the Central Y. M. C. A., there being about 50 members of the association in attendance. Rev. G. W. Perryman, presided.

Rev. L. A. Smith, of Portsmouth, made an address on the relation of the ministry with secret orders and fraternities throughout the country. He advocated the joining of secret orders by ministers from the standpoint that it brought them more closely in touch with the individaul man; that then he would be able to judge the man from the view taken by his fraternity mates. He said that it also gave him the opportunity of seeing what other men thought of the minister as a man.

### SENTENCED TO PENITENTIARY

**Henry Scott Gets Fifteen Years for Killing Man at Martinsville.**

Danville, Va., April 8—A quarrel over a dog last October was the indirect cause of Henry Scott, a mulatto, being sentenced to serve fifteen years in the penitentiary at Martinsville, yesterday. Scott accused a man named Martin of shooting his dog. A quarrel ensued, and the negro went home, secured his shotgun, and came back to where he had left Martin with a crowd of men. Scott leveled his gun at Martin, but fired wide, striking William Bryant, who died immediately.

Scott got away, and went to West Virginia, but was caught at Radford and brought back to Martinsville. A compromise agreement was reached by opposing counsel, the negro pleading guilty and being sentenced to fifteen years.

### VETERAN, 82, DESTITUTE.

**Walks From Virginia to Maryland and Daughter Fails to Recognize Him**

Baltimore, April 8.—Unrecognized, he said, by a daughter in this city, after a wearisome tramp from a village near Winchester, Va., Frederick Maucher, 82 years old, a veteran of the civil war, trudged into Brooklyn, Anne Arundel county, yesterday afternoon, and related his story to the police. He spent the night at the police station and today he will return by train to the home of other daughter in Virginia with funds that were raised last night by the Anne Arundel county police.

Unkempt from his weary journey, which Maucher said he made by foot and through help given him at different places by teamsters, he declared that when he arrived in Baltimore he learned his daughter's address, only to be rebuffed when he reached her home.

Yesterday afternoon George Holmes, of Brooklyn, was halted on the street by the aged veteran, who was seeking a night's lodging. He was directed to the police station, and it was there that he was given comfort by Chief Irwin and the police, who contributed sufficient to pay his fare back to Virginia.

### CUT IN A SCUFFLE.

**Young Man Came Very Narrowly Being Seriously Injured.**

Pulaski, Va., April 8.—Last Saturday evening, John Bentley, son of Terry Bentley, and William Johnson, son of Stuart Johnson—two white youths between eighteen and twenty years old—became involved in a dispute and scuffle over a pocket knife, and the Bentley boy was severely stabbed in the left breast by young Johnson, inflicting a wound more than an inch in depth.

Young Bentley bled very copiously, and was becoming rapidly so weak that he was carried to the office of Dr C. D. Kunkle, where the flow of blood was staunched and the wound dressed. He is now doing very well, but the doctor stated that the blade of the knife came very near cutting a large artery, and had it done so, the boy would almost certainly have bled to death.

Bentley and Johnson are cousins, and after the cutting it was claimed by both parties that the wound was not inflicted in anger, or intentionally, and Bentley and his people said they did not want young Johnson arrested so that, thus far, he has not been taken into custody, but the affair will be carefully investigated to determine whether there was any criminal liability.

### MET AGONY IN DEATH.

**Norfolk Man Had Most Remarkable Nerve, Though Fatally Burned.**

Norfolk, Va., April 8.—Though fatally burned and suffering the most intense agony, W. M. Davis, stableman for the Nottingham & Wrenn Co. of this city, showed unusual nerve. Davis never made a complaint or uttered a groan, though he realized his life was to pay the forfeit, after he had bene rescued last night from a burning stable belonging to the firm with which he worked.

General Nottingham, a member of the firm, in discussing the death of Davis, declared that such a display of self control he had never before witnessed. Davis waited on the curb for the ambulance, walked into the sitting room of the hospital and from there to the bed, on which he died shortly afterwards.

John A. Hill rescued Davis and the stable was soon under control of chemical apparatus. The damage to the building was slight.

## THE HISTORIC CARLYLE HOUSE.

An article on the first page of today's Gazette will be read with interest not only by Alexandrians but by thousands throughout the country The rejuvenation of the old Carlyle House and its conversion into a historic museum was a happy conception and its practicability is apparent. The thousands of strangers who visit Alexandria annually will, when this transformation shall have taken place, return to their homes with far more interesting reminiscences of this city of colonial days than ever before.

The plans of the company as set forth in the article referred to will reproduce in the minds of many now living the days when the Carlyle House could be gazed upon from Fairfax street, when a vacant lot existed between the building on the southeast corner of Cameron and Fairfax streets as far south as the building now occupied as an automobile house. After the extension of the hotel building south the historic structure, so interesting to many, was practically bottled up. The purpose is to unbottle the old mansion and let it stand out in bold relief as in days of yore.

The reclaiming of the Carlyle House and placing therein wax groups will render the old colonial structure one of the most interesting places in the country, one which will not only appeal to all Americans, but to foreigners alike, especially Englishman, who are interested in the history of the unfortunate General Braddock and George Washington, as are the people of the United States.

For many years all the buildings surrounding the Carlyle House have gone under the general name of the Braddock House, taking the name from the Carlyle House in which the conference between Washington and Braddock was held before the latter started on his disastrous mission.

The Carlyle House was one of the residences erected in colonial days when it was supposed the residental section of the city would overlook the Potomac river. A number of fine residences were placed on Lee street (then known as Water street.)

The building southeast corner of Cameron and Fairfax streets, was many years ago known as the Alexandria Bank. Later it was fitted up for hotel purposes, and nearly three score years ago was conducted as a public house by the late Albert G. Newton, it being the most prominent hostelry in this section of Virginia. It was then known as the Mansion House.

During the fifties the late James Green acquired the property, and he built the Fairfax street addition, and up to the breaking out of the civil war it was known as Green's Mansion House. After the city had been captured by the federal army in 1861 it was used as a government hospital, and at the close of hostilities was reopened as a hotel by the late Martin Maddux. The hostelry was operated by differenet parties up to a few years ago when it ceased to be used for hotel purposes and was turned into a tenement house. A short time ago the occupants were ordered to vacate.

The purpose of the Wagar Company to refit the old hostelry and convert it into a modern hotel will also be read with delight by all Alexandrians.

## MAY ACCUSE CAILLAUX.

### French Minister Said to Have Influenced His Wife to Kill Editor Calmette.

Paris, April 8—The question whether Joseph Caillaux, former minister of finance, may be charged as an accessory of his wife in the assassination of Gaston Calmette, editor of the Figaro, was the subject of general discussion in the newspapers yesterday. The publication of the testimony of President Poincaire indicating that M. Caillaux had at least influenced his wife's action, has given rise to the suggestion that he may be brought into the investigation as an accomplice.

The magistrate in charge of the preliminary inquiry, Henri Boucard, called both M. Caillaux and Louis Barthou, former premier, for examination today and the two statesmen confronted each other in the presence of the magistrate.

M. Caillaux gave the magistrate details of his private life and mentioned his domestic difficulties. He said that while he was at Mamers with Mme Gueydan, his former wife, a package of letters was taken from his desk. Among them were two letters he had written to the present Mme. Caillaux.

M. Caillaux said that he had offered to Mme. Gueydan the alternative of a divorce or a reconciliation, but on condition that the letters taken from his desk be returned to him. An agreement, however, was made to burn them, which was done in the presence of his wife, himself and his secretary. Mme. Gueydan, said M Caillaux declared she had not taken photograph copies of the letters. A reconciliation ensued but, later on he and Mme. Gueydan were divorced.

Jules Herbaux, counselor of the Court of Casstion, was today appointed to succeed Victor Fabre as chief public prosecutor.

M. Fabre has declined to accept the office of advocate general, a position subordinate to that which he held. It is thought that he will be appointed to the Court of Cassation, a post which would satisfy public opinion, which appears to object to his being made a scapegoat.

### Charged With Forgery.

Roanoke, Va., April 8.—Mrs. Maude Mayo, a pretty blonde, 20 years old, who says her home is in Louisville, Ky., and that she married in Jeffersonville, Ind., two years ago and whose husband is employed by a local printing house, was arrested Monday afternoon charged with forging a check for $50.

## LOCAL WOMEN AGREE WITH STAGE BEAUTIES

Of all women in the world, probably those on the stage are the most particular about their appearance, and especially in the care of the hair; and when such leading stage beauties as Ethel Barrymore, Elsie Ferguson, Natalie Alt, Louise Dresser, Rose Coghlan, Laurette Taylor and many others are so enthusiastic about Harmony Hair Beautifier as to write in praise of it, that is certainly evidence that it does just what they say it does—that is, beautifies the hair. There are many women right in this town, and men, too, who regard it as indispensable, because it makes the hair glossier and more silky, easier to dress and make stay in place. Sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Hair Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly. The entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops Harmony Hair Beautifier, $1.00, Harmony Shampo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Rexall stores and in this town by Wm. P. Taylor, druggist, 616 King street.

## Sure Indications of Lung Trouble

Among the indications of threatened Lung Trouble are a continued cough, fever and night sweats. A change of climate often helps, but it seems that something more is needed to stop the cough and sweats and arrest the progress of disease. Eckman's Alterative, after many years of use, is known to be beneficial in bringing about relief, in many cases complete recoveries. Investigate this case:—Schell City, Mo.

"Gentlemen: I had a terrible cough, night sweats and pleurisy in my lungs. A man who heard me coughing advised me to take your Alterative. I paid no attention to him then. I got so bad the doctor said I should go to Wyoming. I did, and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it, with no faith whatever, but before I had taken three bottles, I could eat anything. I never got night-sweats stopped and, for over a year, I have been well and in better health than I ever was."

(Affidavit). W. F. BOMAR.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

## A Neglected Cold Often Affects the Lungs

Many serious cases of Throat or Lung Trouble can be directly traced to a cough or cold which has been neglected. If you notice that a cough persists in clinging to you take warning. If you neglect trying to stop this supposed trivial trouble the throat and lungs later become affected. In many cases Eckman's Alterative has been the means of bringing permanent relief. Investigate this case:—Saratoga, N. Y.

"Gentlemen: For five or six years I was troubled with cough and expectoration. I also had a high fever. My case was declared Lung Trouble by my physician. I was given Cod Liver Oil, Creosote and other medicines, all without benefit. At Christmas time, 1908, I was not expected to live. Calling Dr. H. H. McCarthy, he advised the use of Eckman's Alterative, which I took with excellent results. I have gained in weight, I go out in all weathers and have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alterative.

(Affidavit) JAS. W. KANALY.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

EXPULSION OF SPANIARDS.

Efforts to Have Villa's Order Modified.

Washington, April 8—Vigorous representation went from the American government yesterday to General Carranza, the Constitutionalist chief, urging that he modify the order of General Villa expelling Spaniards from Torreon.

The situation is giving grave concern to authorities here. The United States has undertaken to extend to Spaniards in Mexico the same protection it affords American residents there, and Ambassador Riano has been assured that nothing will be left undone to secure for the unfortunates at Torreon every right to which they are entitled under international law and usage.

That Spain proposes to exhaust every resource to protect her people in the revolution-torn republic was made plain today when Rear-Admiral Mayo, at Tampico, cabled the navy department that the commanding officer of the British cruiser Hermione had been instructed to care for Spaniards at this besieged Federal port. Officials here did not comment on the development.

A slight change for the worse was noted yesterday in the condition of James Gordon Bennett, who several days ago was reported to be recovering from an attack of bronchitis in Cairo, Egypt.

NEWS OF THE DAY

City Marshall J. M. Bates was shot and instantly killed yesterday at Crowder City, Okla., by Postmaster W. E. Kelly as the result of a long standing grudge. The shooting took place in the Bank of Crowder.

A barkentine whose identity could not be established was seen yesterday in flames eight miles northwest of Bryher Island, one of the Sicily group. The crew had taken refuge in the rigging. A lifeboat was sent out to the burning vessel, which was rolling in a heavy sea.

Eben S. Draper, former governor of Massachusetts, is in a critical condition at Greeville, S. C., as a result of an attack of paralysis. He was stricken in his room at a hotel yesterday morning.

Governor Glynn last night refused either to commute the death sentence of the four gunmen who were convicted of slaying Herman Rosenthal or to grant them a reprieve until after the second trial of former Police Lieutenant Charles Becker. They must die by electrocution in Sing Sing prison some time next week, probably Monday. The court of appeals in denying their motion for a new trial set the week of April 13 as the time for their execution. The exact date is fixed by the warden.

Firemen early yesterday succeeded in extinguishing a fire which had raged throughout the night in a block near the State capitol at Charleston, W. Va., and caused damage estimated at $275,000. It originated in the plant of an electrical company, and extended to a number of wholesale establishments.

Vittoria Gusmano, dry store proprietor, and Sam Cipriano, were killed, and two other Italians were injured when a bomb exploded in Gusmano's store in Detroit, yesterday. The messenger boy who carried the bomb to the store was blown out into the street by the explosion. The store was wrecked. The messenger told the police that two Italians gave him the package, with instructions to take it to a certain number on East Lafayette boulevard. Failing to find the number which had been given him, he went to Gusmano's store to ascertain if the package was intended for the latter place. Gusmano was examining the package when the explosion occurred.

Following his appearance in court in Pittsburg yesterday on a charge of nonsupport, Carl Kutchbach entered suit for divorce against his wife, Mrs. Anna Kutchbach, giving as his grievance that his wife continually annoyed him by throwing their "little dog" into his face. Kutchbach also alleges that his wife does not take proper care of their children, and is always nagging him. He also avers that he has tried to live with his wife in peace and comfort, but that she will not have it that way. Mrs. Kutchbach, however, told another story, which does not tally with that of her husband. "He has beaten me over the head and repeatedly declared if I wasn't crazy he would son make me that way," declared the woman. "He told me I was not good looking, and that there were a lot of fine looking young girls working where he did who wanted to marry him," she said.

With twelve of the fourteen members of the interoceanic canals committee present yesterday, and with four members known to be with the President, only one member voted against holding public hearings on the proposed repeal of the toll exemption clause of the canal act. Senator Brandegee, Republican, alone voted "nay" although administration senators opposed public hearings. The vote was taken viva voce. The hearings will begin tomorrow, and will continue for fifteen working days. This means that at the earliest the repeal bill cannot be reported to the Senate before May 1.

Reports from the battlefields of the "wets" and 'dry" all over Illinois indicate a sweeping victory for the Anti-Saloon League. The women's vote was the determining factor in many instances. Over nad over again returns showed that where a majority of men voted for saloons, the women voted against them. The wets carried Springgold, the capital of the State, which furnished the hottest fight in the whole campaign. The majority was 3,500 and in this instance both men and women voted the "wet" ticket.

Two bandits were killed yesterday at New Hazelton, B. C., in a battle between a band of robbers and a large posse of citizens after the robbery of the Union Bank of Canada branch. Six men held up the bank and four took $1,100 cash. A posse is pursuing them.

## JAPAN IN CONFUSION.

**Viscount Kiyoura Unable to Form a Cabinet—Navy Virtually on Strike.**

Tokio, April 8.—The Japanese Empire has been thrown into a condition of utter political confusion by the inability of Viscount Keigo Kiyoura to form a Cabinet to replace that under the Premiership of Count Yamamoto. The Viscount informed the Emperor yesterday that he had been compelled to give up the task intrusted to him.

All the political groups as well as the navy have virtually gone on strike. The various progressive factions declare that the constitution is not being properly observed, while the navy demands immediate advances of money for warship construction and the appointment of a sailor as Minister of Marine.

The elder statesman, whom the newspapers call "a still surviving remnant of old Japan," were again summoned to the Imperial Palace to confer with the Emperor today.

## WILL USE GUILLOTINE.

**Mexican Rebls Preparing to Use French Device.**

Juarez, Mexico, April 8.—The guillotine has made its appearance in Mexico, and the new form of execution confronts the nemies of the constitutionalists in San Louis Potosi. At Conception del Oro, a homemade guillotine has been erected. It was built by rebel mechanics in the corps commanded (by Gen. Eulalio Gutirrez, who is now in this city conferring with Carranza.

Already the new instrument has been tested, and, as the General says, "it works splendidly." The test was made with a lamb as the victim.

Desire for revenge is responsible for the guillotine. Gen. Guiterrez's brother-in-law, Jose Morals, was killed in battle against the federals near Saltillo.. The family of Morales, including an infant daughter and Guiteerrez's sister, were living in Saltillo. The federal commander arrested the relatives of Guiterrez, and sent them to San Lous Potosi. The baby died of exposure, and nothing is known of the fate of other members of the family.

Gen. Guiterrez says he will leave Juarez in two or three days to resume his campaign aganist San Louis Potosi "I expect to capture the place this time. And when I have taken it I hope to find my sister and her family. If they have bene mistreated —the guillotine is ready for action."

## ASSAIL CATHOLIC CHURCH.

**Sensational Resolutions Condemning Romanism Adopted by Methodists.**

Berlin, Md., April 8.—The forty-sixth annual session of the Wilmington-Methodist Conference ended yesterday afternoon with the announcement of ministerial appointments by Bishop Earl Cranston, of Washington. A sensational resolution was adopted condemning the Catholic church for alleged political activity. It follows:

"Whereas, Roman Catholicism has been a disturbing political influence in every nation where it has predominated; and

"Whereas, it is fundamentally antagonistic to freedom of conscience, press and speech, a principle of our Constitution which cannot be surrendered without sacrificing the government; and

"Whereas, Romanism, with increasing numbers, is constantly increasing its political activities in this nation, avowedly intent upon making America Catholic; therefore, be it

"Resolved, That we, the Wilmington annual Conference of the Methodist Episcopal Church, unqualifiedly condemn all such political activities upon the part of the Roman heirarchy, and as unqualifiedly commend all patriotic journals are giving the people the facts concerning this peril to American life and liberty."

"We are at a crisis with respect to the form of our popular government," Prof. Wm. H. Taft told law students of Boston University yesterday. "We find a formidable movement throughout the country," he continued, "toward a destruction of its representative character and a reversion to an old type that, in the history of the world, has proved a failure. Radical and dangerous is the effort to subordinate our courts of justice to rules determine arbitrarily by the hasty vote of the electorate."
